

## **Nair – the ultimate hair removal experience**

In a Gallup survey, it was found that if women could permanently change one aspect of their beauty routine, removing body hair would be high on the agenda. Shaving literally slices off the ends of your hair, leaving a sharp edge behind. This results in that nasty stubbly sensation once hair regrowth takes place. So Nair has developed a range of fast-working, gentle solutions that make hair removal simple for every type of hair and skin area. And all without rough regrowth!

### **Nair hair removal creams**

Forget nicks and cuts from shaving, with painless, speedy and easy to use **hair removal creams** from Nair. The 3-in-1 formula – remove hair, exfoliate and moisturise skin – is suitable for use on legs and body. So if you want radiant, smooth skin in less than five minutes, choose from a range of Nair hair removal products suited to your needs and tastes. Nair cream depilatories work below the surface of the skin, unleashing silky, hair-free skin within minutes.

#### **SENSITIVE HAIR REMOVAL FORMULAS**

More than half of women worldwide consider their skin to be sensitive. In response, Nair has developed two hair removal creams which address the needs of these women.

Suitable for dry and sensitive skin on the legs, bikini and underarm areas, **Nair Ultra Sensitive Hair Removal Cream** is enriched with moisturising Camellia oil and protecting Ylang Ylang extract. This cream gently but effectively removes hair while nourishing the skin, leaving it soft and smooth to the touch. Available in 250 ml tube and in convenient 25 ml sachets.

**Nair Sensitive Hair Removal Cream** contains sweet almond oil in a formulation specifically geared towards use on sensitive skin on the face, bikini line, underarms and legs. Available in 110 ml tube.

#### **TOUGH/COARSE/DARK HAIR REMOVAL**

Nair recognises that often standard formulas are not strong enough to tackle coarse or very dark hair. Now, there is a solution. The **Tough Hair Formula** is enriched with rice oil and grape seed extract to gently but very effectively remove stubborn or coarse hair while moisturising and nourishing the skin for radiance and a silky-smooth touch. Available in 250 ml tube.
